

Savings Center

Big Savings, Just for You

Discover the Savings Center

As part of your Employee Assistance Program (EAP) benefits with BPA Health, you have exclusive access to the *Perks at Work Savings Center* – your online gateway to thousands of discounts on everything from name-brand favorites to everyday essentials and luxury splurges.

Save up to **25%** on items you already buy and enjoy the perks of being part of a program that helps you save where it matters most.

Register for Free

First Time Here?

First-time users will need to register using the company name of **Workplace Options US** and the company code **EAP** in order to access the Savings Center.

Visit the link here ([Savings Center Account Setup](#)) to create your profile or scan the QR Code to begin.

Quick Registration Tips

- While Perks at Work suggests that you use your work email address, you don't have to. You are less likely to run into technical problems if you use a personal email address instead.
- Where it says "Your Company" enter Workplace Options US (it may come up automatically).
- A second new field will pop up, saying "Company Code." Here, put EAP.
- Be sure that you can access your email right away. A system-created message will be sent to that address immediately. You will need to retrieve the email to complete your registration and then log in to begin exploring the site for great discounts.
- Still having problems during registration? Click the Login Help link to contact the Customer Service department.
